At the emancipation celebration held in Richmond several months ago it was decided to adopt the 1st day of January as the time for the annual celebration of the date on which their freedom began.

It was intended that the day should be celebrated with great pomp and flying colors, but as the 1st of January comes so near to the celebration just over, the colored people of Richmond will celebrate the event this year in a very quiet manner.

The only feature of the day will be the rolligious services, which will be held in all of the colored churches.
